We know that the prospect of raising corporate finance can be daunting. In today's volatile markets, the main objective for many businesses is survival, but with sound analysis, clear projections and well thought out contingencies, we can help you to transform your focus from survival to growth.

Business Planning

Here are some of the services that we provide:

- Raising finance for your business
- Reviewing and re-organising your corporate debt
- Comprehensive business planning
- Business structure reviews
- Formation and implementation of strategic goals
- Cash-flow predictions
- Exit strategies

Mergers and acquisitions

For clients in need of guidance on mergers and acquisitions, we can optimise the financial and tax position of the combined enterprise. We are able to conduct a full analysis of a target company to determine if it is stable, credit worthy, able to meet its obligations and can validate its claims.

We know that if the process is not well researched and skilfully negotiated, your business could be weakened. Don't take risks with your business! Let the professionals help you with this complex and time consuming process.
